

## SERIES PC

### Model PCT and PCF

**MEGGA Series PC** models PCT and PCF are just the ticket when you need a basic, general service cast iron pump. When application requirements demand economy, quality and performance in a compact standard centrifugal design, choose the **MEGGA Series PC** models PCT or PCF.

#### FEATURES:

Rugged cast iron construction for long dependable service life.

Compact close-coupled configuration.

Back pull-out design for easier servicing.

Tangential discharge can be rotated to suit installation.

High operating efficiency results in lower power consumption and smooth operation.

Industry standard motors and mechanical seals provide maximum product versatility.
